Setting-up a business or a trade

Toulon City offers numerous services adapted to business creators or trades seeking support or advice.

Key entry doors are dedicated to the setting-up of businesses and give entrepreneurs the first basic information while orientating them to the best interlocutors for optimally developing their projects.

Besides, interservice local teams supporting firms (ELISE) set-up by the State supply the accompanying and financing tools for setting-up a business. Different terms apply according to the business.
