The "Axis of the stations"

A metropolitan center at the heart of the urban area

This center, situated around Toulon's TGV train station, is intended for receiving higher tertiary functions, company headquarters, management positions, research positions...

This operation also concerns the creation of offices, public equipment and accommodations.

A metropolitan center at the heart of the urban area

The "Axis of the Stations" will add up 116,000m² of offices between la Loubière and la Court de Nice areas.

The targets:

- Offering companies the option to choose Toulon during strategic locational or organizational choices.
- Creating a new sustainable district on brownfield areas.
