Revitalizing the trade in the historic city center.

In 2006, the heart of Toulon was the first French city center to be classified as ZFU ("Zone Franche Urbaine" ie Urban Free zone). The perimeter of the ZFU extends from "avenue de la République" in the South, to the "Porte d'Italie" in the East, to "boulevard de la Démocratie" in the North and up to "avenue Lazare-Carnot" in the West. The objective is to revitalize the trade in the historic city center thanks to the introduction of fiscal and social charge exemptions. This plan will be extended until 2020 under the name "Territoires entrepreneurs".
