### Be attracted

From modern sporting amenities to state-of-the-art cultural venues: the city cultivates its excellence.

### The future in march

Toulon's opening on the bay makes of this site a privileged space of competitiveness, innovation and sustainable development.

### Entrepreneurship

Invest in a performing territory, welcoming the most innovative strategies and European most attractive economic sites.

### Students

Considering the constant increase in its population, the capital city of the Var department commits itself to meet the greatest number of people's expectations.
